Washington Hi Lops Busses, Teacher Raises From Budget

Bowing to the voters' will, trustees of Washington Union High School last week slashed every suspected ounce of fat from their 1954-5 school program — and feared they may have had to cut some muscle with it.

Defeat of the 50-cent tax raise May 21 was responsible for the cuts. Said Superintendent J. V. Goold:

"This will be an austerity year in which parents will be shown what the school does for their youngsters." Goold's implication plainly was that the adults would learn fast enough when the services were curtailed.

Chopped off were:

1. A new school bus; and bus trips for the band, for practice athletic meets, for after-school activities, and field trips.

2. Lightly-attended adult-education classes. Registration fees will be charged for all night-school classes.

3. Insurance on students (which parents now will have to assume if they want protection), plus physical exams. Also extra protective gear for athletes, and new band uniforms.

4. Free swimming when the pool opens next year. Higher fees must be charged if outsiders want to use it.

5. The school library. The librarian will be used as a teacher, and teachers will take their classes to the library for reading periods.

6. Any salary raises for teachers. These will be held to the present $3600 starting minimum. Nor will extra instructors be hired for the new shop buildings, making it probable the shops cannot be used.

Only cut recommended by Goold that was not acted upon was one that school buses pick up students only who live outside a two-mile radius from the school. Trustees said they will decide on this in September when they see what enrollments look like.

In addition, the trustees said they would levy two taxes which have not been necessary in the past: a 5-cent one for using the school as a community recreation center, and a 3-cent one for employe retirement. These will raise an estimated $28,000.

Added to this will be about $12,000 in reserve funds, Goold said, to make up $30,000 of the 1954-5 deficiencies. Other estimated income is $428,300, making a total of $458,300.

Goold said he thought the cuts would save about $42,600, out of an original budget of $515,000, bringing this figure down to $472,000. This still leaves a $14,000 gap to be bridged.

To provide something for the raise-less teachers, Goold suggested they be granted "tenure". This is a form of civil service whereby a teacher hired for the third time can

Mission, Irvington Get Zoning Despite Mixup Over Lot Sizes

Mission San Jose and Irvington won protective zoning Tuesday despite a last-minute monkey-wrench hurled by alarmed subdividers.

Climaxing nearly two years of hearings and arguments, the Supervisors voted to accept zoning recommended last month by their Planning Commission.

They also agreed to amend county ordinances to give protection to those subdividers who already have filed maps in the area.

It was these subdividers who for a time threatened to stall zoning for still longer. They had discovered that the zoning around Mission would have made them upgrade their tract plans to conform to 8000-square-foot lot sizes specified for most of the area.

However at the urging of Supervisors Chester Stanley and Harry Bartell the zoning finally was pushed through with the proviso that the county zoning ordinance be amended to protect the builders. They will be allowed to finish their tracts with 5000, 6000 and 7000-square foot lots as originally permitted by the Planning Commission.

Chamber of Commerce representatives from both Irvington and Mission, which were considered together, pressed for a speedy decision. They warned further delay might void all zoning plans.

"These problems here are small compared to the ones you'll have if this is delayed," declared Wallace Pond of Irvington.

"The longer you hold off, the more maps you'll have filed, and zoning will be out of business altogether," warned John Troxell, attorney for Miss Olive Hyde.

Another problem arose at the last moment to plague the local petitioners at the hearing in Oakland. Explained Roy Dean, chairman of the Mission planning committee:

"Last May we voted to accept the map as-is. Last night (at the chamber meeting), we woke up to find that the Russell and Lincoln tracts are built on 5000-square-foot lots in an area that's zoned for 8000 square feet. We talked this over and decided we want this map adopted anyway, but we'd like the Supervisors to revise the ordinance to let these lots conform. Otherwise they can't be replaced if they're destroyed by fire. Also they can't be added to, without going through permit procedure."

Dean blamed the planners' staff, saying he couldn't "conceive how they recommended 8000-foot lots where homes were already built on 5000-foot lots."

John J. Thomas, planning director, retorted that "the community has long wanted larger lot sizes. This wasn't our idea."

Seeking a delay until the ordinance could be amended were William F. Minton, Dick Lincoln, and Clyde Lindsay, builders; and E. G. Brown, representing E. E. Huddelson.

Thomas said the Missionites want larger lot sizes "to preserve the beautiful residential character of the area," and also to hold down population density for tax reasons.

Supervisor Stanley estimated the ordinance amendment, which would also protect future subdividers in the county, could be ready "as soon as the zoning", or in 30 days. He advised Minton and the others to proceed as before without revising their lot sizes, since the Board would guarantee them protection.

Bartell commented Alameda County has been "bypassed" by builders in favor of other regions because of similar "injustices" to the subdivider.

So much time was consumed in arguing the minimum lot sizes that specific problems concerning Irvington were overlooked altogether. Attorney LeRoy Broun pleaded to get a variance for two service stations near the town, but Stanley advised him they would have to come in later "as amendments."

Pond said several persons in Irvington had withheld their zoning problems in favor of getting the overall zoning approved, and would appear later.

Generally, business in both towns remains in its present location. Irvington lots are of the 5000-square-foot variety, while Mission lots go from 8000 to 10,000 to 20,000 square feet

Parking Lots Under Study In Centerville; Firms Donate Work

Relief for harassed parkers in Centerville may be in sight, a committeeman informed the local chamber of commerce Monday.

Phil Willis reported his committee is negotiating with a San Leandro woman, owner of property at 117 S. Main, to lease the lot now occupied by an old house, and also other property held by the same owner which runs through to Fremont Avenue.

"If we are successful," Willis said, "this could be a free parking lot fronting on two streets. Merchants could put up $10 or so apiece to finance it."

Willis disclosed he has offers totalling $3600 worth of labor and materials from three local firms, Clements & Co., Clements Construction Co., and Pacific Coast Aggregates, for surfacing such a lot.

In addition, the committeeman said, establishment of another parking lot in the rear of the Center Theater now awaits only approval of the theater owners.

Clements & Co. again has offered to surface this area at no cost, Willis added.

He said a more detailed report on the projects will be made at next week's chamber meeting.

PARRY RAPS FIRE BUDGET FOR NILES

Jack Parry on Tuesday charged before the Niles Chamber of Commerce that the local fire district purposely levied taxes to raise a $24,500 budget last year, when it needed only $6500 to run the department.

Parry said the balance "was put aside to use in hiring firemen this year," so that there would not be a public outcry over the expense.

He characterized this as "a form of dishonesty." He said instead the district commissioners should have reduced taxes, then budgeted openly for the $13,000 he claims the three firemen will cost.

Parry also accused the commissioners, particularly Leon Solon, who he termed "the villain of the piece", of suppressing a report supposedly favorable to civil service for firemen. The report, said Parry, was ordered from Attorney Gene Rhodes. The lawyer delivered the report, but no fees have changed hands. Thus "it isn't officially part of the public record," Parry asserted.

CENTERVILLE WOULD BYPASS WTCC

Aroused by what it called "lack of action" on the part of the Township Chamber of Commerce, Centerville's chamber voted Monday to start preliminary work on a prospectus of local attractions for industry.

Eugene Manning, former secretary-manager of the Township chamber, was authorized to explore costs of such a pamphlet.

LeRoy Broun said the brochure could be prepared locally, then "turned over to the Metropolitan Oakland Area chamber — they're set up to do the selling job for us."

"If the Washington Township Chamber can't cut the buck, we should spearhead the effort to bring industry to this Township," Manning declared. "Suppliers to the Ford Plant already are going elsewhere, while the Township does nothing."

"The Township Chamber had a chance at it," agreed Allan Walton, referring to a brochure committee which was formed several months ago. "They haven't done anything. Let's start here."

Walton and Manning pointed out that Centerville probably would not gain the most from new industry, but that they believed it would benefit if the Township as a whole gained factories.

John Brooks, tract developer, suggested chamber members assess themselves

93 Homes Okehed Near Irvington

County Planning Commissioners this week okhed a 93-home subdivision west of Irvington's business district, and set a date for zoning hearings on Warm Springs.

The subdivision, asked by C. R. Tischer, is between Bay and First Streets, and will contain 93 5000 square-foot lots.

The Warm Springs hearing was set for August 18 at 7:45 p.m. Local residents have sought the protective measures for four years.

FOR U.S. COURT

Endorsement of a County Bar Association move to bring a Federal Court of Oakland was voted Monday by the Centerville Chamber of Commerce.

JOSEPH J. PEREIRA DIES HERE AT 65

Joseph Jerome Pereira, 65, longtime Centerville farmer died Tuesday at his home, 124 Emerson St.

A native of Berryessa, he had farmed in Mission San Jose and Centerville-Niles area for many years.

Rosary will be recited tonight at 8 p.m. in the Berge Mortuary, Niles. Services will be held Friday at 8:30 a.m. in the mortuary, with Mass celebrated at 9 a.m. in St. Joseph's Church, Mission San Jose. Interment will be in Golden Gate National Cemetery.

Pereira was a veteran of World War I. He was a member of IDES No. 1, YMI No. 56 and St. Anthony's Society, all of Mission San Jose, and also belonged to American Legion Post 195, Niles.

He is survived by his brothers and sisters, Mrs. Anna Rose and Frank Pereira, both of San Jose, and Mrs. Phoebe Sears of El Monte.

FLOOD ZONE BOND DECISION PUT OFF UNTIL JULY 15

Decision on whether to call a bond election to finance flood control and drainage for the Central Township was postponed for one month on Tuesday by the Supervisors.

Occasion was a public hearing on Zone 5, formed last January, but unable to operate until about $4,000,000 in bonds are voted.

The Supervisors tabled action until July 15, after hearing protests from four landowners in the zone, which embraces Decoto, Niles, Centerville and Newark.

Speaking against the project were:

1. Mrs. J. R. Andrade, Centerville, who predicted the zone's ditches would lower her property's value.

2. Dr. Edith Meyers and her sister, Miss Mildred Meyers, of Decoto, who complained that a zone ditch would hamper access to a farm they own at Decoto and Niles-Alvarado Roads.

3. Harvey Granger, Decoto, who had similar objections.

Speaking for the project was A. W. Cotton, president of the Newark Chamber of Commerce, who said his group feels "it is necessary for the orderly development of the Township." He was assured all areas in the zone would bear expenses equally, and that ditches could be moved from sites shown on present maps if development dictates.

However Supervisor Harry Bartell said he wants more information on the project, and asked that Engineer Herbert G. Crowle conduct the Board on a tour of the area before a final vote is taken.

At his suggestion, the vote on setting a date for a bond election was put off until July 15.

VISITORS—To Niles last week to view Essanay relics were Filipino film stars Pancho Magalona (left) and his wife Dita Duran. Filipino Movie Stars View Essanay Landmark, Bring Publicity To Niles

A 7000-mile "pilgrimage" ended in Niles last week, and as a result the local town will receive nation-wide publicity.

The "pilgrims" were two Filipino movie stars, and the stated object of their trip was to view the cradle of Western films, made here 40 years ago by Essanay Studios.

Pancho Magalona and Dita Duran, the visitors, came down after a trip across the Pacific under escort of Frank W. Vail, cameraman for Pathe-Warner News.

The stars spent the best part of Friday afternoon inspecting the Oliver Barn, located on the alley bounded by Second and Third Streets, G and H. It was in this barn that "Broncho Billy" Anderson's rootin'-tootin' guys and dolls set up studios in 1912 as a base for their one-a-day Westerns

Pancho and Dita, who are man-and-wife, are also the Philippine equivalent of Astaire-and-Rogers, or maybe Dan Dailey and Doris Day.

They work for Sampaguita Pictures, a firm which takes its name from the Philippines' national flower, and which turns out scores of films each year from a lot south of Manila.

Pancho and Dita are a singing, dancing team. Says he:

"We both dance and I sing." They make two pictures together each year, and he makes a half-dozen more on his own. Latest release: "San Isang Halik Mo Pancho", or translated: "Just One Kiss, Pancho."

Vail explained he was at a loss for some new setting in which to pose the attractive couple. Then he recalled the Essanay days in Niles. Down they drove, picked up an extra Essanay sign ordered last year for just such contingencies by the local Chamber of Commerce.

Leaving for Hollywood and Europe this week, Pancho and Dita said they were charmed by Niles and impressed by local industry.

The newsreels showing them inspecting the Oliver Barn will be released next week.

MEASLES PLAGUE

A rising epidemic of measles was reported in Southern Alameda County last week, according to Dr. James C. Malcolm, county health officer.

Washington Township had 40 cases, and neighboring Eden Township 61. Hayward had 25 and San Leandro 38. Average cases in the south end of the county is less than a dozen per week.

IRVINGTON O.K.'S BIG SEWER ANNEX

First of four proposed additions to the Irvington-Mission Sanitary District, a 630-acre parcel along Landing Road near Warm Springs, was approved for annexation last week by the district commissioners.

No election was necessary, since nine property-owners, or more than three-quarters of the landowners in the area, petitioned to be annexed. The move still must get an okeh from the Supervisors.

Petitions will be acted upon shortly, said Chairman R. J. Wright, for (1) a 1590-acre area northwest of Irvington, (2) a 960-acre parcel along Driscoll Road, and (3) some 240 acres south of Irvington, along Durham Road.

These additions, together with the 630 acres already acted upon, would more than double the size of the district. And Warm Springs also is seeking to join the sanitary district, Wright stressed.

There were strong hints at the meeting from Engineer Harry Goodridge that a bond issue will be required soon to care for the new subdivisions springing up around Irvington. Goodridge estimated the present disposal plant, built in 1948, is operating today at 60 percent of its capacity.

The commissioners named Charles Pestana of San Lorenzo assistant engineer to Goodridge.

Tribute to Father By Columnist's Child

The following tribute to her father was written by Gaye Carroll as a class assignment given to the eighth grade students at Newark Grammar School. Gaye is the 13-year-old daughter of Gene and Jeanne Carroll, authors of "Carrolling Around Newark". Says Gaye, who obviously follows in her parents' literary footsteps:

"My daddy is tops because you couldn't find a better man on this earth if you searched in the smallest corner. He has a job that pays enough for our family of five to live on, and he even takes on an extra job as a news reporter on a small-town paper. He does an awfully good job of keeping our family well-clothed and fed.

"He's not the best-dressed or handsomest man, but as far as I'm concerned, it's not a man's looks or even his job that makes him a good father, it's his heart really. My daddy's lovable and good natured and he really can tease.

"I'm very proud of him. He never comes home drunk or late. It means a lot to a girl or boy as to how her parents act and I'm very proud of mine. My daddy is always on hand to take my mother out for a good time. We have a good time at home because my mother and father don't fight and argue.

"Everybody has faults and nobody's perfect but my father comes pretty close.

"I know other kids feel the same way I do about their own fathers and I can't help bragging about mine. But gee, I'm sure proud of him and I love him very much."

REC' DISTRICT TO REMODEL CENTER

Director Robert Lamp announces that bids may be submitted for remodeling the interior of the Youth Center Building. Builders may check with him at the school regarding details.

The Pet and Bicycle Parade, which had to be cancelled last Saturday because of rain, will be held this Saturday, starting at the school at 10 a.m.

Summer program schedules have been distributed to the school children, and additional copies may be obtained from Shryle Rice at the playground.

A summer program for the five-to-nine-year-old boys and girls will start June 21, Monday through Friday from 2 to 4:30 p.m., except on Wednesdays, when the hours are 1 to 3 p.m.

The schedule is as follows: Monday, Quiet Day—stories, plays and quiet games; Tuesday, Play House Day—make house, post office and store, etc. from card board boxes; Wednesday, Dolly Tea Party—Children may bring their dolls and their lunch, punch will be served by the recreation district; Thursday, Scrap Book and Make Things Day—everyone is to bring a box to keep his individual articles; Friday, Play Day—games, play house, clay and color crayons.

The district has planned to take the five-to-nine age group to Fairyland in Oakland on July 10. Lamp asks that parents volunteer to provide transportation, and to contact him as soon as possible so that definite arrangements may be made.

Empire State Club

A successful turnout of former New Yorkers with the objective of organizing a social club was held June 7 at the Chautauqua Restaurant, San Jose. By unanimous vote the club was named The Empire State Club.

The next meeting will be held on Monday, June 21, at 8:30 p.m. at the same locale. Officers will be elected at this meeting, and all former New Yorkers are urged to attend. Refreshments will be served.

Former residents of New York state who now live in Washington Township may contact Mrs. Billie Johnson, Centerville 8-2602.

GI AT SCHOOL

Private First Class Melvin Talley, of Niles, has been assigned to the Ordnance New Vehicle Maintenance School, Fort Wayne Military Reservation, Detroit, Michigan for two weeks of training. Pfc. Talley is the son of Mrs. Nellie D. Talley, and the husband of Lenore Talley, both of 1015 Morrison Canyon Road.

Water District Would Block Hetchy Use For Conway & Culligan Tract

The Alameda County Water District moved last week to block plans by subdividers Conway & Culligan to set up a private water company to serve 1200-home Irvington Square.

Directors called the proposal a threat to the district, which supplies water to all the Township except Niles and Decoto. They argued that the move would put them in a position of supplying underground water, through their conservation ponds, to a competitor.

Noting that Conway & Culligan have announced plans to drill wells in the tract, and use the Hetch-Hetchy pipeline as a standby source, the directors voted to protest to the San Francisco Public Utility Commission, which operates the pipeline. They also voted to protest to the Alameda County Supervisors and planning commission.

Newark Recreation Swimming Schedule

Due to the fact that nearly 300 children signed up for the Newark Recreation District Swimming Program, some changes have been made in the schedule, Director Robert Lamp reports.

The beginners "Swim to Live" program will run only from June 21 to July 16, one hour a day on nine different days, and will include boys and girls from age 7 to 11. The beginners will swim at Patterson Ranch, and will be taught by a Red Cross instructor.

In Group 1 are the seven-year-olds, who will swim from 12 to 1 on the following dates: June 21, 23, 29, July 1, 5, 7, 9, 13 and 15. The children should be at the school at 11:30, and will be transported in the school bus. There will be a charge of 20c each day for transportation, but the swimming will be free.

Group 2, the eight-year-olds, will swim on the same days as above, but from 1 until 2 p.m. They should report at the school at 12:30.

Group 3, nine- and ten-year-old boys and girls, will swim from 12 to 1 on June 22, 28, 30, July 2, 6, 8, 12, 14 and 16. Group 4, ages 10 and 11, have the same days, but from 1 o'clock until 2.

Boys and girls, 12 years of age and older will be in the Intermediate group even though some of them may not know how to swim. The Intermediate and Advanced groups will go to Hidden Valley Ranch. The swimming program for these children is primarily recreation, and there will be no instruction, although they will be supervised by Director Lamp.

Group A comprises the 12-year-olds who will swim on Tuesday and Thursday, starting June 22, from 9 until 10:30 a.m. Group B, the 13 and 14-year-old boys and girls, will go Wednesday and Friday, beginning June 23, from 9 until 10:30. The bus will leave the school each morning at 8:30. Transportation charge of 20c each day applies to all the children, although swimming will be free at both Patterson Ranch and Hidden Valley.

Members of the Decoto Discussion Group met at the home of Mrs. Florence Wallace, hostess. Mrs. Mae Watkins was a guest. The group will meet again in September.

Niles Woman Author

"Plow Under and Reseed," a novel of southern Kentucky depicting the rehabilitation of two army officers of World War II, and their tribulations on returning to their homes as amputees, has been written by Lileah Beebe.

Mrs. Beebe is a native of Kentucky but has lived for a long time on the Kimber Farms where her husband, Charles, is night supervisor.

In writing her novel, she drew on her Kentucky background and on her 16 years' experience as a registered nurse. She is now a Red Cross Motor Car driver. Her book, which has 203,000 words and took four years to write, has been submitted to Harper Bros. Publishing Company.

DE FOREST NAMES CRUSADE CHIEFS

Don DeForest, chairman-designate for the United Crusade's fall campaign in Washington Township, this week named key workers in the prospective drive for welfare funds here.

DeForest, who piloted Kimber Farms to an enviable record in the 1953 Crusade, made the following appointments:

1. Commerce and Industry Division: C. G. Dubuque, Orangeburg Manufacturing Co., chairman; assisted by Oscar Dowe of Pacific States Steel Corp., and Harley L. Bradley of Leslie Salt Co.

2. Small Business Division: Peter D. Juhl, PG&E manager here, assisted by town chairmen to be announced.

3. Publicity Division: Maurice B. Marks, insurance broker. Marks is seeking assistance from the public at large.

"More people live here than ever before," says DeForest. "Therefore the need for Crusade agency services is greater, and a greater effort will be needed this fall than ever before."

FARMERS BLOCK NEWARK WELL USE

A court order to keep the Alameda County Water District from depleting farmers' wells by pumping near Newark was served on the district last week.

A hearing was to be held this week on the controversy.

A complaint signed by 23 farm dwellers northwest of Newark averred that pumping from a district well at Haley and Mayhew Landing Roads is sucking underground supplies from neighboring wells. The complaint alleges this process has lowered the water level some 25 feet since the district started pumping on May 4.

The farmers, led by J. A. Calles, L. J. Milani, and F. A. Brown, have been protesting to the district for more than two months. However district engineers counter that it is pumping by farmers themselves, and not the district's well, that is causing the levels to drop.

The district well now supplies most of Newark's domestic water.

STATIONED IN TEXAS

To Marine Camp 2 Signals Set

According to Supervisor Chester E. Stanley, the board will furnish $3400 as its share in each case. The wig-wags will be installed at (1) Smith Street, in Alvarado; and on Mission Road, in Irvington.

Working with Western law-enforcement agencies is, of course, another way we serve you. And in this part of our job, as in all others, we try to furnish the best possible service at the lowest possible cost. **Pacific Telephone works to make your telephone a bigger value every day.**

Merger Vote Seen For Decoto, U.S.D.

Petitions to merge the Decoto Sanitary District with the Union Sanitary District will be ready for the districts' action next week.

This is the estimate of George Coit, chairman of the USD, which serves Niles, Centerville and Newark.

The petitions have been circulated in both districts, according to law, and elections probably can be called by fall. Both districts must vote on the issue.

Decoto had sought to join the USD because it has reached the limit of its present sewage facilities. The USD recently annexed some 5000 acres in Alviso District, next to Decoto.

PRUNES CHEER BIRTHDAY CAKE

Even those of us who wish that folks would 'forget' our birthdays are pleased as punch when surprised with a handsome cake. Our "Happy Birthday Cake" fairly bursts with the goodness of sun-ripened prunes, and if there is any left over you can be sure that the prunes will keep it moist and fresh-tasting for days. And don't you think it makes good sense to have candle holders that taste as good as they look? We used pitted prunes and topped them with bright maraschino cherries.

Happy Birthday Cake

- 1¼ cups cooked prunes
- 1 cup shortening (part butter)
- 1½ cups granulated sugar
- 3 eggs
- 2¼ cups sifted all-purpose flour
- 2¼ teaspoons baking powder
- ¾ teaspoon soda
- 1 teaspoon salt
- ¾ cup buttermilk
- 1¼ teaspoons vanilla extract

Cut prunes from pits into small pieces. Cream shortening and butter. Add sugar, and cream thoroughly. Stir in beaten eggs. Sift flour with baking powder, soda and salt. Add to creamed mixture alternately with buttermilk. Stir in prunes and vanilla. Pour into 2 greased 9-inch layer cake pans. Bake in moderately hot oven (375 degrees F.) 35 to 40 minutes. Remove from pans and cool on wire rack. Frost with favorite frosting. For a novel birthday idea, use pitted prunes and halved maraschino cherries for candle holders as shown.

Serves 12 to 14.

Wedgewood, VFW Top Softball's First Week with Double Wins

By Bob Hird

The first week of the Washington Township Softball came to a close last Thursday with the Veterans of Foreign Wars and Wedgewood each picking up two wins for top honors.

Monday night's contests found the Vets pounding Orangeburg, 16-3, in four frames, and Wedgewood beating U.S. Pipe, 136.

The Vets picked up one run in the first, and then scored five times each in the next three innings. Norv Peixotto paced the Vets at bat with three hits in three trips. Al Ornellas, Jack Silva, and John Samarron racked up two hits apiece to help John Rodriguez win the initial contest of the new-born season. Rick Fragulia homered for Orangeburg.

In the second game, seven runs in the first inning gave Wedgewood the margin they needed. There were five base-hits in the big first, the biggest being Ed Machado's grand-slam homer. Joe Salvador also homered for the Pipemen. Gene Johnson was credited with the win while Joe Sanchez took the loss.

Tuesday nights games found Warm Springs eking out a 2-1 win over Cabrillo Park, and Quality Meats trouncing Kraftile, 12-2.

The first game was a tight pitcher's duel between Springs Ted Garcia and Cabrillo's Joe Lopez. Lopez came out on the short end, although he allowed only four singles. The Vets scored once in the fifth and sixth stanzas. While Lopez twirled four-hit ball, Garcia had a no-hit, no-run game until the last inning when Cabrilloput together two hits for one run. Lopez struck out five and walked five, and Garcia fanned one and passed three.

Ralph Villescaz hurled six-hit ball for victorious Quality Meats in the second game. Quality only had three hits, but took advantage of Kraftile Tom Hashimoto's wildness. Hashimoto issuued nine bases on balls in five-inning game. The losers also committed five errors.

The week's final engagements saw V.F.W. trounce U.S. Pipe, 15-4, and Wedgewood blank Orangeburg, 14-0.

John Rodriguez threw 6-hit ball to give the Vets their second win. The only damaging blow was Joe Salvador's three-run homer. It was Salvador's second round-tripper. The Vets scored nine times in the initial frame on two hits. Pipe Chucker Joe Sanchez walked five in the inning. John Samarron, Al Ornellas, Row Pezitto, and Sam Cortez each picked up two hits.

In the second game, Wedgewood's Gene Johnson twirled a two-hit shutout for his second win. Johnson walked two and fanned three in the five inning

Invitations have been extended to the girl's parents; their teacher, Mrs. Edna Stubblefield; Girl Scout Neighborhood chairman, Mrs. Tom Maloney; and Miss Sheryl Gray and Miss Mary Maloney, curved-bar scouts from Troop No. 259, who acted as program aides.

Plans for the afternoon program include Hawaiian songs and dances, a brief history of the islands and refreshments served Hawaiian style.

Miss Carol Weed will act as announcer; and the opening number will be a song by all the Troop members. Mary Lou Brown, Shirley Enos, Geraldine Fontes, Roberta Gordon, Sally Hiebert, Sheryl Rapp and Barbara Valles will hula to "Lovely Hula Hands"; Sheryl Rapp will read the history of the islands; Sherrill Edwards, Cynthia Freeman, Mary Joyce Horejsi, Anne Pimentel, Carol Weed, Kathryn Beumer and Patricia Brooks will hula to "Little Brown Gal;" and the program will conclude with Mary Lou Brown, Mary Joyce Horejsi, Sally Hiebert, Patricia Brooks and Barbara Valles singing "Aloha Oe."

Troop members will wear "grass skirts" and leis made by the girls and their leaders and each girl will present a lei to her mother or guest.

Troop No. 100 was organized in November 1953, under the leadership of Mrs. Thomas Brooks, Mrs. Norman Weed, and Mrs. John Beumer, Jr.

In addition to their activities in connection with Hawaii they have also made and dressed paper-mache puppets and presented a series of three skits during Public Schools Week in the Centerville Elementary School.

be discharged "for good cause" only.

"We have to do something to encourage good teachers to come here," agreed Trustee Andrew Logan, moving for the program.

Tenure was then voted for eight teachers, with more to be placed in the system next year. The eight: Mary Van Winkle, Lois Nicholson, Audrey Carmody, Dorothy Britton, Clyde Voorhees Jr., Don Wolfe, Irving Hird and Judson Taylor.

A move to discontinue summer softball at the high school and save an estimated $500 was tabled. Trustee Manuel Bernardo asserted "we have to keep up public relations," although Trustee A. E. Alameda asked:

"How can we afford it when we have to cut out everything for the kids?" At Logan's suggestion, Bernardo was asked to contact Softball Association officials and see if sponsors will foot more of the bill next year. Said Logan, summing up:

"We went up 100 percent in kids, but not in taxes. The voters didn't realize that. Those that used to ask $500 an acre for land now want $7000 — but they didn't figure other things went up too."

Hawaii Theme For Fire Auxiliary

An Hawaiian theme predominated at Wednesday's meeting of the Irvington Fire Department Ladies Auxiliary in honor of Mrs. Edward Rose who is leaving late this month for a vacation in Hawaii.

Secret pals were revealed, and Mrs. Rose received a lei of orchids from hers. All the ladies wore leis that they had made of various flowers.

Mrs. Wayne Day, chairman for Korean bundles, reported that over a ton of clothing has been sent to Corporal Manuel Silva, Jr., to be distributed to the Korean people. A large box is sent every Monday. Persons who wish to contribute clothing, may leave it at the Irvington fire house, or at the Irvington Cleaners.

Mrs. Day and her committee sort the clothes and pack them for shipment. Many Township organizations have donated money to defray the postage charge.

Centerville Guards Leave Friday For Two Week Camp Near Jolon

Seventy youths from Washington Township will leave next weekend for a 15-day stint of soldiering as National Guardsmen in the rugged Coast Ranges at Jolon, near King City.

Bulk of C Battery, 629th Field Artillery Battalion, will leave the Centerville armory late Friday night, travelling by jeep and Army truck and towing their 105-mm. Howitzer.

At Camp Hunter Liggett, once part of the vast domain of William Randolph Hearst, the battery will be issued more cannons, and will bivouac beside the lazy San Antonio River, not far from Hearst's former 70-room ranchhouse and historic Mission San Antonio de Padua, built in 1771.

Capt. Joe Beaudin, commanding "Centerville's Own" guard unit expects a better-than-ever training session this year. The 629th is scheduled to operate as part of a combat team, supporting an infantry regiment in realistic war games.

Most of the men going to Hunter Liggett from Washington Township this year will be spending their first time under canvas as summer soldiers. However a sprinkling of local young men made camp last year before C Battery was moved to Centerville from Alameda.

This year parents and friends are invited to attend Governors Day ceremonies at Hunter Liggett June 26, one week from next Saturday.

They will see the Argonaut Division's 10,000 men, tanks, cannon and trucks pass in review for Gov. Goodwin Knight, and will partake of lunch with their part-time GIs under the oaks in the bivouac. The Guardsmen will have Saturday afternoon and Sunday off.

A 36-hour delay in leaving for camp is being granted to more than a dozen local Guardsmen who will graduate Sunday at Washington Hi. Then a 2½-ton truck will carry the graduating contingent south.

The annual training session is decreed by the Army, of which the Guard is a reserve component, to sharpen Guardsmen into a state of readiness should national or local emergencies occur.

Grads Honored By JACL Here

Nisei graduates of this area will be honored by the Southern Alameda County JACL at a Chinese Dinner Party on the evening of June 25th. The Madarin Resturant of 230 Jackson Street, San Jose, is the chosen locale for this much anticipated event, co-chairmen Jane Yamauchi and James Sekigahama report.

Reservations are asked to be phoned in as soon as possible to either June Handa, Centerville 8-2077 or James Sekigahama, Centerville 8-8433, during noon hour or in the evenings.

Those serving on the committee are: Jun Handa, reservations; Kimi Murakami, flowers for graduates; Eleanor Motozaki, entertainment; and Setsu Umemoto, invitations.

The plane parked near that Newark home hasn't any wings, so it can't be poised for a quick get-away.

A Niles mother suggests you either make your kitchen shelves low enough so you can see to clean them often, or so high you can't see when they're dirty!

From a top-notch Mission cook comes the idea of adding two tablespoons of corn-meal to corn fritter batter. Makes 'em nice and crunchy.

The man of the family uses kerosene to remove road tar from his car. Rinse it off immediately after using.

Don't get discouraged about the stop lights at Machado's Corners and in Centerville; we'll have'em eventually.

You'll insure the return of your youngster's bike if you'll take it to the County Building any Saturday before noon and have the sheriff's office register it.

Give the man of the family a bar of soap for the work bench, so he can put those tiny screws and nails into it when doing delicate work.

The houses advertising "swimming pools included" have brought many families to this area for the first time. They're surprised at how we've grown.

Each time I shop for groceries and am met with a wiff of strong cigar smoke from a male shopper, I end up buying much less than usual, as I lose all taste for food.

I wish that pair of sweethearts who park on Thornton Avenue every afternoon would wait until night. All the Newark neighbors are talking.

If your garden hose is worn, use a leather punch to make a few more holes, and use it as an irrigating sprinkler.

One Township teacher says she's going to spend a lot of time reading up on the latest jets and rockets, in order to know as much as her second grade students next year.

Say what you will about drivers, when I had motor trouble last Tuesday not one autoist in the Township stopped, but a cross-country truck did render needed aid.

Little sister begs me to please make big sister's dress of some easily torn material, so she won't have to wear it as a hand-me-down.

It's a shame some visitors can't keep their un-kind remarks about California to themselves. My, how they'd object if we were to complain about their home state as they do ours.

Until now, carburetors had to be cleaned or adjusted every few thousand miles, because tiny bits of soot and gum in the air entering the carburetor built up deposits that caused rough idling, gas waste, and stalling at stop lights. Now, detergent-action cleans out these deposits while your engine is running, and prevents new deposits! Try detergent-action Chevron Supreme or Chevron gasoline.

Fair Stars Blooms, Chicks, Pix

A record high entry in the poultry department is anticipated for the 12th annual Alameda County Fair, according to George Bayliss, Hayward, head of the department.

Bayliss said last year's poultry and waterfowl entries totaled 1200; rabbits, 1500; and pigeons, 1000. Early indications are this record will be bettered in the 1954 show.

Poultry and waterfoul will be exhibited June 21-26, and pigeons and rabbits will be shown June 27-July4.

M. A. Fowler, Los Altos, and W. F. Fetterly, Phoenix, Arizona, will judge poultry and waterfowl on the first day of the fair. Rabbits will be judged June 28 by Fred Cremer, Bakersfield, with E. E. Reinhardt and Charles Smith, Sacaramento, judging pigeons on the same day.

Poultry, pigeon and rabbit breeders always look forward to the Alameda County Fair, Bayliss said, because it is the first major show of the annual fair circuit. Many out-of-state entries, particularly in pigeon and chicken classifications, are expected, he said.

Standard bred poultry, bantams, waterfowl, turkeys, pigeons and rabbits are classifications open for exhibits.

Preparations are being made in Pleasanton for a record number of entries in the floriculture department of the 1954 Alemeda County Fair, which opens June 21.

Premiums totaling $9,000 are offered in the professional division of the department, which is headed by Maxwell A. Holmes, San Leandro. LaVerne C. Wallis and Mrs. Harold Gordon Henningsen, Oakland, are co-chairmen of the amateur and non-professional division, where over $1000 is offered in premiums.

Garden clubs and organizations may enter a special class where premiums total $630. Herb, tropical, wild and "favorite" garden spots will be featured.

The professional division covers three classifications: general garden display, cut flowers and potted plants. It is open to professional florists and nurserymen of Alameda County. Judging will take place June 21.

Classifications in the non-professional division are: cut flowers, potted plants, flower arrangements and the special division for garden clubs. Cut flowers and arrangements are to be entered in four periods: June 21-23; June 24-27; June 28-July 1; and July 2-4. Exhibits will be judged on the first day of entry period.

Horticultural exhibits, art and photography shows, exhibits of livestock and poultry, 4-H and Future Farmer exhibits are other phases of the agricultural fair, and in addition there will be 12 days of pari-mutuel horse racing.

The photography show at the Alameda County Fair, which begins a 14-day run at Pleasanton June 21, is the largest show of its kind in the East Bay, according to Earl Kenyon, perennial head of the fair's picture exhibit.

The show is open to all photographers, amateur or professional. They may leave their entries at any cameera shop in Alameda County or mail them to the County Fair at Post Office Box 127, Pleasanton.

Prints may be in any photographic medium except oils. They must be on light-colored 16 X 20-inch mounts, and all color slides must be numbered and adequately marked for correct projection.

Premiums totaling $39.50 are offered prize winners in each of the following classifications: Pictorial, portrait, color slides.

Gala Puppet Show At Niles Church

A gala day for the children of all ages of Washington Township is in the offing at the Niles Congregational Church when a company of German puppets will give a performance uunder "the big top" at the children's circus on June 19.

The pupets will be presented by Dr. Harry Walbruck of Germany, an old firend of the pastor and his wife here, the Rev. and Mrs. C. W. Kirkpatrick. The three met in Europe during World War II while the minister was doing Red Cross work and Dr. Walbruck, a newspaper man, was serving as interpreter for the military court of the Allied government at Bonn and as German-English correspondent for the United Press in Frankfort. Mrs. Kirkpatrick was the fraulein who became the war bride of the Niles pastor.

Dr. Walbruck is assisted by his wife and their daughter, Ilona, 12, in presenting "The Three Wishes," a performance of elves and dragons, the fairy queen and "Foolish Casper," on the tiny collapsible stage which became well known to the children of Wisconsin last year.

The show is an outgrowth of a childhood hobby and a sense of "theater" acquired by Dr. Walbruck while he was taking part in student performances at Duisburg, Rineland, in the happy, carefree days before the war.

Preceding the show, the Martha Sanford Circle and the Boy Scouts will stage a circus in Ford Pilgrim Hall, beginning at 6 p.m. Hot dogs and soda pop will be on sale. There will be a grab bag and booths conducted by the scouts.

On Friday evening, preceding the show on the 19th, there will be a showing of European slides by Dr. Walbruck. The public is invited to both affairs. Admission is 25 cents for all ages.

Newcomers to 'Friendly' Centerville Cite Park, Parking As Needs

Centerville is a friendly town, but it needs a park and better parking, a survey of newcomers showed today.

Seventh and eight grade Protestant released-time students in Centerville took a recent poll of newcomers to the area. Eighty three families were visited and approached with this statement:

"We are students at the Centerville elementary school and attend a week-day class on religion at the Presbyterian Church. We have been learning how Jesus wants us to be neighborly. We wish to know whether newcomers find this township a friendly place to live."

Of the families visited, 35 have lived in Centerville two but not more than three years, 46 one year or less; two gave no answer. Thirty six of these families found their new neighborhood more friendly than their previous residence, 25 found it about the same, and among the newcomers, and 30 found the neighborhood friendly, but made no contrast with with other communities. Five families gave no answer.

Visiting back and forth in the neighborhood was thought to be an indication of friendliness among the newcomers, and 30 people said there had been 20 or more families n each of their homes (11 said over 40 families) since they moved to Centerville.

Forty two people said ten or less families had visited them since moving here. Only two said no one had visited them. Nine families gave no answer.

Newcomers themselves, however, have not shown the same initiative as their neighbors for, on the whole, more families have visited them than they have visited. Only 17 have visited in 20 or more homes in the area (six said more than 40) and 60 have visited in 10 or less. Six families said they had visited no one.

The newcomers have found the churches and stores friendly by an overwhelming margin. None thought the churches unfriendly, although six said they did not attend. Only five families found the stores of the area unfriendly.

In the matter of community services, including stores, schools, churches, public utilities, and parking, the newcomers generally voted them either good or adequate.

A number of families, however, felt there should be more stores or shopping areas and schools provided.

Most unsatisfactory community service is automible parking facilities, and two thought them at least adequate, but four said better facilities were needed, and six said they were plain "bad."

Highest vote of confidence in community services went to the schools, with the churches in second place. Eleven families volunteered the feeling not specifically requested by the poll that "cost of living here seems too high."

Of four possible community facilities mentioned in the poll public park, swimming pool, community auditorium, and recreation center--the recreation center drew the most votes, with a public park a close second. Need of a swimming pool was third and auditorium last.

Other community improvements suggested included tennis courts, shopping center, hospital, zoning, tree planting, additional restaurants, more scout troops, soft-water program, slower speeds on streets and highways.

A post-office box-holder who leaves early for work requested that the post office doors be opened earlier in the morning. Local bus service between new tract homes and Centerville business district was requested by several families..

Baby sitters also seem a problem for many newcomers.

Rev. Tom Fuhr was the teacher of the released-time class taking this neighborhood poll.

Gas and electricity are cheap in California

When the Husteds moved to California, they were delighted to discover that all their appliances cost less to run.

Their P. G. and E. bill in one month was $9.70

In their former home, the same amount of gas and electricity would cost $17.56

With gas and electricity so cheap in California, you pay less to run appliances, so you can enjoy more of them. Incidently, if you're shopping for a wedding present, why not give an *electrical* gift!

"In one month my toaster made 200 slices of toast, for just 6¢

says Mrs. Robert L. Husted, 914 Downing Avenue, Chico, shown here with her daughter, Elizabeth

"My family really enjoys the crisp, brown toast we get from our wonderful automatic toaster! And I was amazed when I discovered how little it costs to run. Why, we had a whole month's worth of toast for breakfast and snacks—200 slices of it—for just 6¢ operating cost. That's my idea of a bargain. All our appliances give us real pleasure, and they cost so little to operate."

COULD IT HAPPEN?

We Yanks are apt to be a trifle slow on the uptake where our leaders are concerned. We like to accept them at face value. Quite often this trait is used by our enemies to pull the wool over our eyes. For some time we've wondered ("we" means the editor) if something of the sort isn't being done to us in the McCarthy case.

If Malenkov had ordered it personally, the bitter wrangle between the Senator and the U.S. Army couldn't have been improved upon. It has sowed suspicion and fear in the public mind, tended to undermine the morale of one of our defense services, it has laid bare many of our inmost national secrets to our enemies. And it most certainly has jailed no spies.

Isn't it possible that in all these circumstances there is something more sinister than coincidence, more aim than that of the bull in the china shop?

The character of Senator McCarthy has emerged clearly in the course of the current debate. He is a stubborn fighter, a man who will cling to a false premise rather than acknowledge himself wrong. He has a one-track mind, and where Communism is concerned, he still sees himself as its sole effective American opponent.

From Moscow's standpoint, however, how effective has McCarthy's opposition been? He has named five or six hundred suspected Reds-in-Government, but has convicted nary a one. The only real spies have been caught by men like Dick Nixon, as a Congressman; or by agencies such as the FBI. McCarthy's wild swings to date have paralyzed — not the Communists — but parts of our own government. If this isn't aid and comfort to our enemies, what is?

McCarthy's irresponsible acts have all but discredited investigation of any kind, at a time when fair, effective investigation of subversives is vitally important to us. Isn't that comfort for the Kremlin?

Now it would be hard to cast Joe McCarthy as an undercover Communist. The man simply isn't complicated enough to wear that mask. But he has advisors, trusted henchmen, who definitely exert a powerful influence on him.

One young man of undisputed brilliance sits at his elbow, pouring encouragement into the Senatorial ear, urging McCarthy on to ever greater feats of daring, more radical charges against his antagonists. This counselor places his personal whims above democratic principles. He makes threats to "wreck the Army" if a friend isn't commissioned. To this type of mind, total power (of the Communist or any other type) has an overpowering appeal.

Alger Hiss was a high-placed public servant whose mind worked along those lines. He convinced himself that Russian interests came ahead of ours. Harry Dexter White was another such type. Hiss and White sold their country for a false idea. They also carried their poison into the highest councils of our land. Is there a guarantee this couldn't happen again?

Look at it from the Kremlin viewpoint — what a neat trick, what a perfect pat coup to insinuate an agent into the confidence of the Public Spyhunter! The Spyhunter is urged on to greater and greater excesses, destroying public confidence in national institutions, yet all the time he is diverted from really catching any spies! A cheap, easy and risk-free method of accomplishing Soviet purposes.

Maybe it has a storybook ring to it. So did the Hiss case. The idea is a challenging and terrifying one, and it must have occurred to someone else beside us. We wish it could be explored.
